

GEOSPATIAL WORLD FORUM 2012 GAINS SUPPORT FROM DOMAIN LEADERS

PRESS RELEASE

NOIDA, India 27th September, 2011: Geospatial Media and Communications (GMC), organiser of the Premier Geospatial Industry Event – Geospatial World Forum 2012 is pleased to announce the leading industry, government and professional societies that have joined the conference at various partnership positions. Geospatial World Forum is scheduled to be held at RAI Convention Centre, Amsterdam from 23-27 April 2012. Earlier this month, GMC had announced that Dutch Kadaster, the National Mapping Agency of The Netherlands has confirmed to co-organise the conference.

The partners for the conference are:

Principal Industry Sponsor – Trimble

Corporate Sponsors – Hexagon, TomTom

Associate Sponsor – Bentley, Intermap

Strategic Partners – Geonovum, Joint Research Commission, European Commission, Dept of Science & Technology, Govt. of India

Co-Sponsors – DigitalGlobe, GeoEye, Oracle, Geo-Informatie Nederland, EuroGeo, UNIGIS, Netherland Space Office

Strategic Institutional Partners – University of Hannover, Z_GIS University of Salzburg, University of Twente, ISPRS, United States Geospatial Intelligence Foundation, Eurogeographics, ICA, OGC, TU Delft

Associate Partners – NSDI (India), JUPEM (Malaysia), IBGE (Brazil), Dept of Rural Development and Land Reform (South Africa)

Media Partners – Inside GNSS, Journal of Geoinformatics, Vector1 Media, Geospatial World, Imaging Notes

Welcoming all the partners and supporters of the conference on board, Sanjay Kumar, Chief Executive Officer, Geospatial Media and Communications said, “I am very pleased by the overwhelming response the conference is gathering in the International Geospatial arena from private industries, government organisations, academic institutions and professional societies. We welcome all our partners and sponsors to the Geospatial Caravan that this conference symbolises and we hope that with the help and support of all the concerned organisations, we will be able to achieve our objective, which is to promote application of geospatial technologies worldwide.”

About Geospatial World Forum 2012

As the premium global geospatial industry event, Geospatial World Forum will bring the stakeholders—solution providers, policy makers as well as users—to a single platform, providing unparalleled opportunities for discussion, debate and interaction. Geospatial World Forum is a confluence of a variety of activities in the form of plenary, symposia, seminars, workshops, panel discussions, exchange forums- covering the vast gamut of technology, application, policy, use cases from the region and from across the world. The Forum will also host a number of additional events in parallel by its partners like board meetings, executive meetings, user meetings, partner/reseller meetings and so on. The conference is scheduled from **23-27 April, 2012** at **RAI Convention Centre, Amsterdam**. With the theme “**Geospatial Industry and World Economy**”.
